FOR CHEMICAL EMERGENCY: CALL INFOTRAC 1-800-535-5053 24 Hrs. per day, 7 days per week

Date Created: December 17, 2004

1. Chemical Identification

Common Name: CLEANLETS™ Ultrasonic Cleaning Tablets
Ref #: 21500

2. Composition/Information on Ingredients

Hazardous Ingredients
Tetrasodium salt of ethylenediaminetetraacetic acid
CAS # 13235-36-4 15-30%
Sodium Carbonate anhydrous
CAS # 497-19-8 15-30%
Citric Acid CAS # 77-92-9 20-25%

3. Hazards Identification

Inhalation of dust may cause irritation to the respiratory tract.
Ingestion is slightly toxic but large does may be corrosive to the gastro intestinal tract. Excessive contact with the skin may cause irritation. Contact with the eyes may cause irritation.

4. First Aid Measures

Eye Contact: Immediately flush eyes with plenty of water and seek medical attention.

Skin Contact: Immediately wash with water and soap and rinse thoroughly.

Inhalation: Remove to fresh air.

Ingestion: Ingestion of small quantities of this material would not normally cause a harmful effect. If large quantities are ingested, do not induce vomiting but give large quantities of water and seek medical attention.

5. Fire Fighting Measures

Suitable extinguishing agents: water, carbon dioxide, dry chemical

Special Fire fighting procedures: none

Unusual fire and explosion hazards: none

6. Accidental Release Measures

Ventilate area of leak or spill. Wear appropriate personal protective equipment, i.e. goggles, gloves and respirator. Sweep up spills and containerize for reclamation or disposal. Vacuuming or wet sweeping may be used to avoid dust dispersal

7. Handling and Storage

Handling: no special measures necessary if handled according to instructions.

Storage: store in a cool, dry location. Keep material in original packaging.

8. Exposure Controls/Personal Protection

Exposure Controls: Use in ventilated areas.

Respiratory Protection: No special protection under normal use.

Eye Protection: Safety glasses

Hand and Skin: Avoid unnecessary skin contact.

Hygienic Practices: Remove spilled material from skin and clothing. Do not eat or drink when handling this material.

9. Physical and Chemical Properties

Appearance: light blue tablet

Odor: none

Solubility in Water: Readily soluble with effervescence

pH (1% solution): 7

Boiling Point (° C): N/A

Melting Point: N/A

10. Stability and Reactivity

Stability: Stable under normal conditions of use.

Hazardous Polymerization: None

Hazardous Decomposition Products: None

Conditions to Avoid: None

11. Toxicological Information:

Data not yet available

12. Ecological Information

Data not yet available

13. Disposal Considerations:

An acceptable method of disposal is to dilute with a large amount of water followed by discharge into a suitable treatment system in accordance with all regulatory agencies.

14. Transit Information

Not regulated.

15. Regulatory Information

U.S.-O.S.H.A. Status: this material is not hazardous under the criteria of the U.S. Federal Hazard communication Standard.

16. Other Information

For industry use only.

The information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. In no event will the manufacturer or the distributor be responsible for damages of any nature whatsoever resulting from the use of or reliance upon this information. General properties are to be regarded as guidelines and are not guaranteed for all samples.
